

Pictures from visit to Addis Ababa Institute of Technology (AAiT) May 9 , 2014

AAiT instructors demonstrating the use of the **Mobile Studio Boards** donated by **ADI** in their senior level **Communications Theory Course** to Dr. Astatke.

Dr Scott demonstrating the use of the “Dragino” wireless nodes to ECE faculty members and students at AAiT . The faculty and students from AAiT will collaborate with their colleagues from Debre Berhan Univ (DBU) in order to implement the new Dragino wireless nodes in the Aquaponics project implemented at DBU.
